

Learn to SCUBA dive

Deep 6 Diving have been teaching people to scuba dive for 30 years. Our commitment to quality diver training is reflected in the calibre of our staff, the equipment we provide and the smaller class sizes we maintain. You will find no better training partners than the team at Deep 6 Diving... Our history & outstanding reputation is your guarantee of quality and service.

You can learn to scuba dive in just 4 days. Our Open Water Diver programs are your passport into the underwater world. Successful completion of the program rewards you with the internationally recognised SSI scuba diving licence giving you access to some of the best dive sites in the world.

What do I need to start?

Virtually anyone who is in good health, is reasonably fit, and is comfortable in the water can earn the SSI Open Water Diver certification.

Before starting the program you must complete a program enrolment, some home study & go for a doctor's check-up.

What will I do?

You'll learn about the fundamentals of scuba diving including dive equipment, diving techniques and diving safety.

You earn this rating by completing class sessions and pool dives followed by 5 open water (ocean) dives.

How long will it take?

Day 1 starts at 9:00am. We start off with a program orientation before reviewing some of your home study. Then you're off to the pool for your first swim, snorkel and scuba session.

Day 2 starts at 9:00am. We complete your homework review, sit a short exam and then head back to the pool for another snorkel and scuba training session.

Day 3 is your 1st day in the ocean. We start off with a skindiving session and finish off with 2 dives.

Day 4 is graduation day. 2 dives and the obligatory certification paperwork leaves plenty of time for a social drink with your new dive buddies.

How much does it cost?

We offer 3 Open Water Diver program formats which you will find detailed overleaf.

Where to from there?

Once you have completed your Open Water Diver program you are free to dive just about anywhere in the world - and the options are endless.

Deep 6 Diving offers scheduled shore dives on a weekly basis, Instructor led training dives every month plus weekends away within NSW, interstate and overseas.

Our 'Blue Ribbon' Open Water System

Our popular '**Blue Ribbon**' Open Water System is value for money at its best with everything you need to get started - including the finest set of snorkelling equipment available:

Diving requires the use of a mask, snorkel, fins and dive boots.

Students can supply their own* or purchase a new kit to use on future dives.

Students purchasing new equipment will be assisted with their selection by our trained staff.

Our 15% student discount and no-fuss exchange policy ensures you get the best price and right advice.

Divers on a budget are also catered for with mask, snorkel and fin hire for just \$40

For hygiene reasons all students are required to supply their own dive boots - 15% student discount applies.

*Mask, snorkel, fins and dive boots must meet safety criteria and be authorised for use by your scuba instructor.
